

# Where Global Education & Success Meet

Student Success  
Career Readiness  
Institutional Impact

DA Global Access Network (DA Global) is a leader in connecting global education directly to student success, career readiness, and institutional impact. Through our extensive global network of educators, policymakers, and employers, we achieve three keys goals:

### Our Goals

-  Leverage Global Opportunities as a Driver to Success
-  Broaden Access to Global Education
-  Recruit & Retain Talented Professionals

### Our Areas of Practice

With decades of experience in global engagement, student access & success, technology, and workforce development, DA Global guides its partners with the strategies and tools to optimize international initiatives for all stakeholders. Our key practice areas include:

-  Global Education Strategy & Alignment
-  Global Access & Opportunity
-  Technology & Digital Strategy
-  People Development & Success

DA Global partners across sectors—education, nonprofits, industry, and government—to leverage global learning to drive student and institutional success.

## How Leading Organizations Work With Us

**Member Network** – Connect with a global community to expand access and impact.

**Learning & Events** – Grow through digital courses and thought provoking in-person events.

**Consulting & Training** – Leverage insights and practical solutions to drive operational success.

**Student Support & Learning** – Access to student leadership events and BeGlobali, a specialized advising and skills development hub for students.

**People Development & Success** – Connect with and cultivate a high-performing team.

DA Global's 4A Framework—**Awareness, Assessment, Action, and Accountability**—offers a strategic, adaptable model to embed global learning into student success and institutional priorities, driving meaningful progress across four key functions of international education:

- Outbound Mobility
- International Student Success
- Global Engagement at Home
- Success for Global Professionals
